Today, the occupation forces issued a seizure order for military and security purposes targeting the seizure and confiscation of an area of 243 square meters of land in the village of Al-Sawiya in the Nablus Governorate. The military order bearing the number T/22/24 aims to erect a military tower on the eastern side of the town, and the order is valid until 12/31/2026.

It is worth noting that the occupying state, since the beginning of the year 2024, has issued a total of 22 military orders for the purpose of seizing land under the pretext of security and military purposes, which usually aim either to build roads or to establish towers or military outposts, and more recently to establish security zones around the colonies.
