2024-02-07

February 7, 2024: The Israeli occupation authorities were notified of the seizure of 29 dunums of land in the towns of Sinjil and Turmus Aya, north of Ramallah.

The occupation authorities handed over a military order, requiring them to seize control of these lands until the end of 2026 under security pretexts, to erect a fence, preventing citizens from the two villages from reaching the main street.

The order closes the lands overlooking the main street from the Turmus Aya side, as well as the lands overlooking the street from the Sinjil side.
