June 2, 2024

On the 240th day of "Al-Aqsa Flood Operation", settlers' raids on Al-Aqsa Mosque continued, with calls to carry out raids and raise flags in the mosque next Wednesday, the so-called "Jerusalem Day," and raids on towns and neighborhoods in the city continued.

Al-Aqsa raids

171 settlers carried out their raids into Al-Aqsa Mosque, through the Dung Gate, during the morning and afternoon raids, and they performed prayers during the storming of the mosque.

The alleged Temple groups called for participation in the storming of Al-Aqsa next Wednesday on the anniversary of the occupation of the eastern part of the city of Jerusalem, which they call "Jerusalem Day," and they asked the invaders to raise Israeli flags during the storming.

They were also invited to participate in the "Flags Dance" march on the same day, which starts from west Jerusalem all the way to the Al-Buraq Wall, passing through the New Gate area, Damascus Gate, and Al-Wad Street.

The Knesset and the Union of Temple Organizations announced the postponement of the "Israel's Return to the Temple Mount" conference, which was scheduled for Sunday, to discuss changing the identity of Al-Aqsa Mosque, until 24/7/2024.

Arrests... prison sentence

The occupation forces continued to carry out arrests from the city of Jerusalem, and on Sunday afternoon they arrested two boys from the town of Al-Tur.

The forces also arrested a number of Palestinians after the Hizma military checkpoint, under the pretext of "entering Jerusalem illegally" because they hold a "West Bank ID."

The court sentenced the young man, Abdul Rahman Dana, from the village of Issawiya, to actual imprisonment for a period of 9 months.

Doctor Musab Nasser in Jerusalem after Gaza

The staff of the Wadi Hilweh Information Center - Jerusalem met with Dr. Musab Nasser, after he accompanied a medical delegation to the Gaza Strip last month. He was able to come to Jerusalem and pray in Al-Aqsa after leaving the Gaza Strip, before returning to the United States of America.

The doctor said, "It was difficult for me to come to the Gaza Strip after I saw what was happening there on television, but fate decided that I would return to it, and I lost 72 of my relatives in an Israeli strike in the Al-Maghazi refugee camp in the center of the Gaza Strip. A huge shock when I walked in the streets that I was able to cross," especially in Khan Yunis, wondering how any party could cause such massive and frightening destruction in the place...an atomic bomb struck the area."

Regarding the most difficult situation that Doctor Musab Nasser went through, he said that a 14-year-old child was injured and arrived at the hospital with swollen feet. The doctor narrated: "He told me, 'My chest is burning, I want water,' and I could not do that because he was going into the operating room to amputate his feet and hand. When asked about what happened to him, he said that he was hungry and looking for food. He found a can of tuna and it exploded when he opened it to eat it... The child today suffers from depression. We promised him that we would return and install artificial limbs for him.

The doctor explained that most of the injuries in the Gaza Strip require several operations, and many wish to be martyred that being disabled for life.

He said: "We left Gaza, but Gaza left a mark on us forever and we will return. Gaza needs everyone and everyone who has a conscience. Gaza has proven the falsity of the civilized world, human rights laws, women's rights, children's rights and animal rights are all false."
