June 10, 2024

On the 248th day of "Al-Aqsa Flood Operation", the raids on Al-Aqsa Mosque continued, and the raids and checkpoints in the streets of Jerusalem continued as well.

On Monday, 251 extremist Jewish settlers and students stormed the courtyards of Al-Aqsa Mosque, guarded by the occupation forces, and the settlers performed prayers during the storming of the mosque.

Incursions into Al-Aqsa are carried out daily, with the exception of Fridays and Saturdays every week, during the morning and afternoon incursion periods.

The forces continue to storm towns and neighborhoods of Jerusalem, and set up police checkpoints.

Meanwhile, the court transferred a boy to home detention with an “electronic bracelet” in his home, until the end of the legal procedures against him, and a bail amounting to 7,500 shekels.

It is noteworthy that the "electronic bracelet" is placed on the detainee's foot, and determines his movement within the house.
