

Day 30: Al-Aqsa Flood Operation in the city of Jerusalem

November 5, 2023

On the 30th day of “Al-Aqsa Flood” Operation, 4 Palestinians from the towns of Abu Dis and Eizariya, east of Jerusalem, were martyred, and the siege imposed on Al-Aqsa Mosque continued. In Silwan, the occupation municipality crews distributed warnings and summons to follow up with the municipality, and carried out incursions into towns and neighborhoods.

4 Palestinian martyrs

The occupation forces, with different teams, stormed the town of Abu Dis, and besieged a house while the young man, Nabil Halabiya, was inside. During that, an armed clash took place between the forces and the young man. Then the forces blew up the house and demolished it, and a bulldozer pulled out the body, transferred it in the bulldozer, and took him to an area where the body was photographed, and then the forces detained the body of martyr Halabiya.

Violent confrontations broke out in the town of Abu Dis during the storming, and the young men Mousa Za'rour and Muhannad Afaneh were martyred, and injuries were recorded, including critical ones.

In Eizariya, it was announced that the boy Rami Odeh had passed away due to injuries he sustained during clashes in the town several days ago.

A comprehensive strike took place in the towns of Abu Dis and Eizariya to mourn the souls of the Palestinian martyrs.

Siege of Al-Aqsa

The occupation forces have continued their siege imposed on Al-Aqsa Mosque since the seventh of last October, by deploying extensively at the gates of Al-Aqsa, and preventing entry to it except for the elderly, who were also denied entry in many cases on the pretext that their residential address is “outside the Old City.”

At the gates of Al-Aqsa and the Old City, the forces detained young men, searched them, made them stand against the wall, and conducted field investigations with them.

Incursions... demolition orders

In the town of Silwan, municipal crews stormed several neighborhoods in the town of Silwan, and placed summonses to follow up with the municipality and demolition orders.

The Information Center explained that the forces stormed the house of prisoner Imad Al-Abbasi, then placed a demolition order on his shops.

Crews from the municipality and police also stormed the village of Issawiya and erased the national slogans written on the walls of the neighborhoods.

The forces stormed the town of Al-Tur and the Shu'fat refugee camp in Jerusalem.
